Testimonials

"Finally a parts exchange that does not require manual updates. The interface with Topco e-Suite updates our data automatically every day. Shortly after we started with PareX we received the first enquiries and were able to send obsolete parts to colleagues. We can find backordered parts ourselves regularly in PareX which are often available at discounted prices and therefore we can repair our customer's car on time with a higher profitability. It was a good idea from THV to introduce PareX into the Toyota organization."

Herr Rabe - Autohaus Nitschke - Rheine Germany

"We had a back order situation on a 206 gearbox recently, were able to locate it in Norway and had it delivered at a total saving of over £300 on Peugeot's price had they been able to supply it!

Effectively several months of subscription recovered in one transaction and the customer was back on the road far quicker too."

Iain Bolton - Dealer Principal - Hardie Motor Group Peugeot

Create your own unique deal

We have created several package deals in order to make it all the more interesting. The packages are based upon the wishes of current PareX users. If you wish to create a different package, you can do so according to our product portfolio. Prices are found in the pricelist and are per dealership, per month, per brand and exclude taxes.
